To whom it may concern but we must do something about duke energy and the monopoly it as instilled on the people... I live on a mere 750.00 a MONTH and Duke as the power to double my bill!!!! Dear Roy Cooper & extended people.... Forget race riots who's building the wall and school shootings... but once you suppress the common wealth of humanity, you are going to have a bigger bone to chew alright... Once people come together & realize we are all humans who can no longer make it or survive, then people more & more will come together... the state of North Carolina needs to hold DUKE accountable for their faults, not the people and the poor at that!!!! Sincerely, Ronda Williams
